

PUBLIC EDUCATION ADVISORY COUNCIL

STATEMENT OF PURPOSE

The Council seeks to:

- Engage school-based leaders in topical discussions and generate honest feedback about the realities of teaching and leading in Wake County.
- Increase the business community's knowledge of the school district's instructional challenges and opportunities.
- Identify "best practices" in classroom instruction leading to overall improvement in student achievement and closure of achievement gaps.
- Prioritize areas for "value-added" improvement to inform the Partnership's allocation of energy and resources and best target efforts to support public education in Wake County.
